In Loving Memory of

Estella E. Myers

(February 7, 1928 - December 28, 2006)

This memorial website was created to remember our dearest **Estella E. Myers** who was born in **Pennsylvania** on **February 7, 1928** and passed away on **December 28, 2006** at the age of **78**. You will live forever in our memories and hearts.

We will miss you more than you will ever know. You meant more to us than you could possibly know. You were a blessing that god granted all of us . In Your death dies a part of us. And in a part of us you will live forever.

You have guided us to grow, and nourished us when needed. You have protected us and cared for us, and loved us with no malice or questions. You are loved, respected and admired, you will be greatly missed .

You were much more than my aunt, you were a mother, grandmother, Great grandmother wife and Friend. God granted us a blessing by placing you on this earth. And what greater testament to a persons life, than knowing how many Loved you

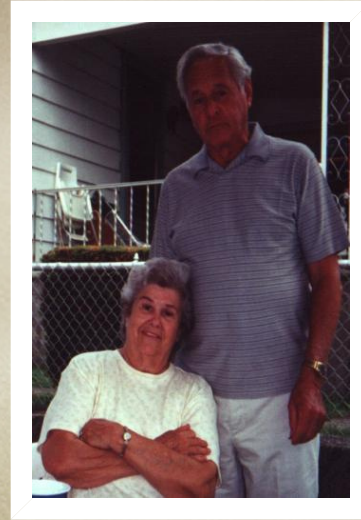

We ask god that he takes you into his kingdom and protects your forever more. For you we see no pain, no suffering and no sickness. We see for you only peace. We will reunite one day in the kingdom of heaven. Rest well until then.

We love you

Condolences

from the deepest of our hearts...

To Bill, Linda, and everyone in the Myers and Schmid families:

I know that this is a terrible time for you all... It always is, when you lose someone so dear to you. There's nothing that anyone can say to you right now that will make you feel "all better" again. Estella was a wonderfully warm and caring woman; we're all blessed to have known her. I firmly believe that what someone sows in this lifetime, they'll reap in the next -- so you all must know how great a harvest Estella is having now!

We cry for *our* loss of someone so dear, but we should never cry for *her*, as she's in a wonderful place with many other loved ones who passed before her. She no longer has aches or pains, no worries, no cares -- she truly knows the glow of God's love now. And in the mere blink of God's eye, we'll all be together with her again!

The background is a textured, mottled brownish-gold color. In the upper right quadrant, there are two roses. The one on the left is smaller and more tightly curled, while the one on the right is larger and more open, showing more of its petals. The roses are rendered in a slightly darker shade than the background, giving them a subtle, embossed appearance.

Memories

all the gray you turned into colors...

Paul

Aunt Estella,I really miss you badly. Sometimes I could only feel comfortable talking with you when I was down. Today was one of those days. Just knowing that the Hollidays are coming and we can't sit next to you and laugh like old times.I feel your presence often,but still wish we could just sit together. I'm trying to take care of Uncle bill as best as I can,But I see the hurt in his eyes. I know he misses you most of all. Linda has him over for dinner almost every night.At least we can watch over him a little this way. We just hung a nice picture of you by the bar. I can see it this way every time I'm downstairs. I pray that you are happy in heaven,The little ones miss you a lot to, Yesterday Felicia even made French toast and let me know that it is the way you taught her,with just a little vanilla in the eggs. I'm so glad that She and Brendyn will always have your special memories to keep in their hearts as do all the rest of us. Just know that until I see you again,I'll watch over everyone for you.

With eternal Love

Paul

Linda

Aunt Estella,when my life began you were there..when i took my first steps you were there..when I said my first word you were there..when I started school you were there..when I was sick you were there..when I broke your heart you there..when I got in trouble you were there.. when I needed to talk you were there..when I made mistakes you were there..when I failed you've been there..there has never been a time you havent been there for me.How can I begin to tell you how much i love you and how thankful I am to you and how thankful I AM That you've always been there for me,I am soooooo sorry I wasn't there for you that day.that day twice I called you and you And you didn't want me to come over afraid I'd get sick, I wish you had let me.Maybe i could have help you like you done for me all my life...whyy !oh Aunt estela I miss you so much I will never forget you ever.

LINDA

Dear Aunt Estella, I'm being selfish now because of how much I miss you. But I wish you were still here with us and that I could hug and kiss you! I know you're in heaven now, but sometimes I ache so awfully bad for you to be here with me. It was so hard to watch you leave. I must admit there's grief and hurt inside me, that I am not over yet. I cried so hard and wept so much that I can't speak or see. I'll never let you go from my heart and mind. I LOVE YOU FOREVER! LOVE YOU FOREVER LINDA XOXO

LINDA

AUNT ESTELLA, *I miss you so much. I'm trying to take care of Uncle Bill, I hope you are looking down trying to give me pointers in what to do. Without you I am sooooo lonely. I could talk to you about everything. But now you are no longer with us I don't know if I can survive without you because you were my best friend always. Please help me get Uncle Bill through these tough times. Look down and let me know if I am doing the right thing or not. This has been truly a hard day for me Aunt Estella. I miss you so much and I hope you can hear me talking to you, if so please come around and tell me. Did you love me like a daughter or a niece. I don't know I do know I loved you like a mom ALL MY LIFE! You and Uncle Bill were always there for me. That I know in my heart. It can never be said that you and Uncle Bill didn't care because you always cared for every one as if they were your own. And I love for that and I will never stop loving you and Uncle Bill will you will always be in my heart. and my forever and my children and grandchildren. I am trying to be strong for all my children including my Uncle Bill. I don't want anybody to see me like I am right now want them to know me as a strong Person. I truly miss you not just today but always love you forever and ever in my heart. Love Linda*

Lori

Dear Aunt Estella,

How do I begin this? I am so sad and miss you so much. I will always miss you. I hope that you are looking down on me and the kids and are proud of us. We try to be good people and look towards the person that you were for our motivation. I know, this isn't really a memory but a conversation. One-sided might I add. But it's all I can do to keep myself from crying like a baby. It's my way of working through

something that I knew one day I would have to but didn't really think it would be at least not this soon. We all debate over whether or not you were sick and didn't say anything or if you weren't sick and it was just your time, so on and so forth, and I have to tell you, I just don't know. I don't have the answers or the reasons, and I wish I did. I think we all wish we did. And I know that it wasn't asked or even implied that we look out for Uncle Bill, but I think he's doing OK. He seems a little lost and very sad but I think he's OK. I just wanted you to know that. I don't know why I'm sure that you already do. So I'm going to continue like a letter or conversation. The kids are OK. They are both sad in their own right, but they are OK. They remind me every other day how much they miss you. They loved you soooooo much it's unreal how many people you touched. I hope that you were happy with all of your arrangements. Uncle Bill was very happy the meal afterwards, kind in a cute funny way. He thought it was what you would have ordered. I think that's very touching anyhow. And the priest. He was very good I thought. Anyhow hope you liked everything. And I guess I'll check back in a week or two.

Love Lori

Linda

Dear Aunt Estella;

Did you know I loved you and how much I cared ?

Did you realize how I treasured those moments that we shared ?

Did the time move slowly for you when we were out of touch ?

I hope you knew I loved you so very very much.

I know that I can not go back to good times of years ago

But in my heart I love you still

And I pray this you know.

If you can look down from Heaven
and see the Love within my heart
then you know I shall Love you always
even though we had to part.

I Love you with all my heart, and some day I will see you again. You were the
Mother I never had, My best friend forever and ever.

With gratefull and eternal Love

Linda

Paul

My Dearest Aunt Estella; When we first met more than 30 years ago you immediately opened your heart to me. You gave me a hug and a warm smile and I instantly felt a Love and inner warmth that few people are lucky enough to ever feel or share. You influenced me so greatly as I grew into the Man I am today. You brought Joy to everyone and seeing how you and Uncle Bill were ,really touched me in so many positive ways. I have strived to instill all of your virtues into my own Children and now my Grand Children. So you see you were more than just a Friend,you were also a Mother to more "Kids" than I can even count.You were a teacher of all that is good and proper and for everyone,there is no way to properly thank you other

than to use these lessons of life and Love and pass them on to all. I have always had the utmost respect and admiration for you and miss you so much already that I feel my heart is breaking. I know that you are now looking down from Heaven above and will always be here for us and in this thought I find my only comfort. And until we meet again know that I will miss you and Love you forever and ever.

Love Paul
